The editors regret that the title of this manuscript should have been spelt 'Issue Preclusion Based on Foreign Patent Judgment and Prosecution History: A Comparative Study to U.S. Patent System' and not 'Preclusion Based on Foreign Patent Judgment and Prosecution History: A Comparative Study to U.S. Patent System', and the title of chapter I should have been 'Issue Preclusion in U.S. Patent System' and not 'Issue Preclusion in Patent System' in page 83 and 85.
